Through The Porthole

Smalltooth Sawfish (*Pristis pectinata*)

On July 28th, SeaKeepers and Beneath the Waves captured footage of a critically endangered smalltooth sawfish as it cruised by BRUVs. SeaKeepers partnered with Beneath the Waves to conduct predator-prey research in Biscayne National Park onboard D/Y *Shredder* of Fleet Miami.

Events

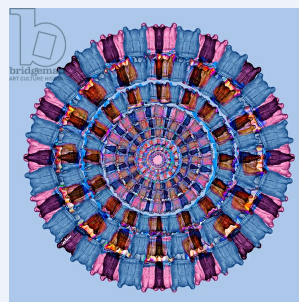

Founders 2017 - November 2nd

SeaKeepers is proud to work with a dedicated group of yacht owners and their captains to conserve, educate and research. Our 2016-2017 DISCOVERY Yacht Fleet will be recognized.
