### Community Outreach Event

SeaKeepers Asia joined a number of local groups to participate in Our Singapore Reefs: Marine Clean Up and Coral Rescue in conjunction with World Oceans Day.

## Through The Porthole

### Whale Shark (*Rhincodon typus*)

The whale shark is the largest fish in the sea, reaching lengths greater than 40ft. Using its massive mouth, the filter feeder collects plankton from the water column.

These docile creatures tend to be found in warmer, tropical seas and are able to migrate great distances in search of food. Photo Credit: Tyler Sclodnick

## Events

### Founders 2017 - November 2nd

SeaKeepers is proud to work with a dedicated group of yacht owners and their captains to conserve, educate and research. Our 2016-2017 DISCOVERY Yacht fleet will be recognized.

## Captain's Corner

### World Fuel Services | Yacht Solutions

Victoria Williams, Manager of World Fuel Services yacht Solutions, has relocated from London to Gibraltar along with some keymembers of her team. With over 25 marine offices around the world, World FuelServices Yacht solutions is best placed to supply fuel globally. Being based onthe North Mole in Gibraltar gives the team the opportunity to meet all of

their customers as they enter the Mediterranean.

Services in Gibraltar include:

- Multiple vessel refuelling at the same time, meaning no lengthy wait times
- Ex-pipe deliveries
- Shell lubricants
- Delivery of Jet A1 aviation fuel
- Excellent vehicular access to the dock meaning on board provisions and freshwater can be completed directly from the birth
- Gibraltar airport is less than 3km away

Put simply, World Fuel Services do the hard work so you don't have to. They supply the fuel you need, on time and at the right location. To discuss your fuelling needs in Gibraltar and beyond, contact Victoria Williams at [+350 5600 1344](tel:+35056001344) or visit our [website](#).
