INTRODUCTION

Mission Statement
The International SeaKeepers Society promotes oceanographic research, conservation, and education through direct involvement with the yachting community. Providing educational resources and hands-on marine science experiences to students is the primary focus for ensuring the future wellbeing of our planet. SeaKeepers enables the yachting community to take full advantage of their unique potential to advance marine sciences and raise awareness about global ocean issues.

The International SeaKeepers Society is a 501(c)3 organization launched in Monaco in 1998 by a dynamic group of individuals who shared an entrepreneurial approach to problem solving. These yacht owners, CEOs and public-opinion leaders explored developing advanced technologies that would provide scientists and other concerned parties with a platform necessary to respond to the challenges of the rapidly changing ocean. Today, the SeaKeepers DISCOVERY Yacht Program offers a variety of approaches by making member yachts available to the community to conduct scientific research, educational outreach, and to deploy ocean monitoring equipment.
MARKETING OVERVIEW

Throughout the year SeaKeepers enjoys the continual support of our media partners who have shared our stories with their constituents and created awareness about the opportunities to engage in our programming. SeaKeepers continues to expand its reach by building strong partnerships with yachting and luxury publications. Current partners as of January 2022 are:

SeaKeepers draws a growing audience of motivated ocean conservation supporters through multiple platforms, with over 35,000 visitors annually and over 40,000 contacts in our database. Read the latest articles featuring SeaKeepers’ expeditions, activities, and more at SEAKEEPERS.ORG/MEDIA/MEDIA-CONTENT/.

ONLINE COMMUNITY

11,600 YOUTUBE VIEWS
1,107 TWITTER FOLLOWERS
10,600 INSTAGRAM FOLLOWERS
4,771 FACEBOOK FOLLOWERS
The International SeaKeepers Society has access to a wide variety of ocean enthusiasts including some of the most influential members of the yachting community. Our membership includes entrepreneurs, yachtsmen, corporations, divers, scientists, and concerned citizens building a global movement to help restore and protect the world’s oceans. Through the Vessel Portal, SeaKeepers provides access to profiles of active vessels in the DISCOVERY Yacht Fleet and current programming opportunities. This platform facilitates engagement for scientists and vessel owners alike, who are interested in connecting research projects with available vessels. The portal currently has 65 vessels which have been active within the last three years. Updates are made regularly to add new vessels, and submissions for research are encouraged.

The SeaKeepers website provides information about our unique expeditions and programming activities and stores our latest media news and support. Membership programs for individuals and marinas are also offered.

Renowned for their elegance, SeaKeepers events attract high-profile ocean supporters from around the world. Typically signature events are hosted around major boat shows to recognize achievements of extraordinary ocean conservationists, explorers, and advocates, as well as highlight different aspects of our programming. Annual events have included: SeaKeepers Asia Awards Dinner during the Singapore Yacht Show; a private donor hosted cocktail reception during the Palm Beach International Boat Show; Bal de la Mer which recognizes and celebrates exemplary achievement in ocean conservation, traditionally held in September; and the Founders Event during the Fort Lauderdale International Boat Show in October or November. For more event information, please visit our event page at SEAKEEPERS.ORG/JOIN-SUPPORT-US/RECENT-EVENTS.
